## OBJECTIVE

---

Highly motivated Computer Science student seeking a Business Analyst internship in finance and e-commerce. I am eager to gain hands-on experience in the field and develop my skills in requirements gathering, analysis, and documentation. I am confident that I can make a positive impact on any organization and contribute to its success.

## EDUCATION

---

### Bachelor of Computer Science

September 2021 - (Expected) August 2025

HCMC University of Information Technology, Ho Chi Minh City, Vietnam

- Cumulative GPA: 8.98/10

- Coursework: Databases, Statistics, Calculus, Data Structures and Algorithms, Operating Systems, Oriented-Object Programming, Machine Learning.

## SKILLS

---

### Programming Languages

Python, SQL, C/C++

### Tools

SQL Server, Word, PowerPoint, Excel, GitHub

### Soft Skills

English (Working Proficiency), Machine Learning, Image Processing

## PROJECTS

---

### Deposit Management App

June 2023

Team size: 5

Language/Tools: SQL Server, Microsoft Word, PowerPoint, Drawio

- Led a team to develop a web application using SERN stack to help a bank manage savings and transactions. Gathered and analyzed requirements from my teacher to understand the problems and real-life challenges that might arise. Worked with teammates to model the product and describe how it would function.
- Designed basic prototypes using PowerPoint and Drawio.
- Built and operated a database using SQL Server with the ability to auto-update new balances daily.

### Romantic Filters

June 2023

Team size: 3

Programming Language/Tools: Python, MediaPipe, PyGame, OpenCV, NumPy

- Led a team to develop a small program in Python to apply fun filters on images in real-time using simple image processing techniques and machine learning tools.
- Conducted fundamental image processing techniques and utilized MediaPipe to make a filter applied when any person in the image opens their mouth.
- Assisted and consulted teammates for technical issues.

## CERTIFICATES

---

### IELTS 7.0

Date of Issue: March 2023

Microsoft Office Specialist: Word, Excel, Powerpoint 2016 900+/1000

Date of Issue: August 2022

## EXTRA-CURRICULAR ACTIVITIES

---

- Collaborator of the Media Team  
Organization: The Associated Organ of Vietnamese Students' Association, Faculty of Computer Science, UIT  
Role: Content Writer and Designer  
October 2021 - June 2022
